

## SAP recognises V-Chain as Gold Partner

**V-Chain is an official SAP Gold Partner for SAP Business One. “This recognition by SAP confirms that we are on the right track,” says Philippe Hamtiaux, managing partner of V-Chain Luxembourg.**

V-Chain optimises business processes and workflows in SMEs. It builds robust solutions based on SAP Business One. “Our turnover has grown significantly over the past year,” says Philippe Hamtiaux. “Our consultants have obtained a series of new certificates. We’ve focused on strategic products such as HANA and Cloud. We’re proud to see that our strategy is bearing fruit.”

“There are only two Gold Partners for SAP Business One in Belux. V-Chain is proud to be one of them today,” says Philippe Hamtiaux. The V-Chain team focuses exclusively on SAP Business One. The Luxembourg branch opened in the autumn of 2014. The Belgian branch of V-Chain was established in January 2016.

“We belong to a strong network of companies through the Gumption Group. The network combines many competencies in business consultancy and ICT. This gives our customers the advantage of a single point of contact for a 360° approach to their ICT environment,” says Philippe Hamtiaux. “This strengthens our position in the market and ensures growth.”

V-Chain specialises in the challenges of wholesale and manufacturing companies and in finance for multinationals. A specific niche of V-Chain is equipment rental, for which it has a partnership with Resolv.
